Medicaid providers are encouraged to use equally efficacious and cost-saving preferred agents whenever possible. Previous medications used must be reflected in paid pharmacy claims.

I) **Failed/Contraindicated Therapies:** (Include drug name, strength, dosing schedule, duration, and reason for discontinuation or contraindication).

J) **Will any current medications for this indication be discontinued if this drug is approved?**
If so, list below:

K) **Specific goals of therapy/clinical benefit and other pertinent information:**
(e.g., relevant diagnostic labs, measures, response to treatment, etc.)

L) **Supplemental Information:** Certain medications will require supplemental information to complete the request review. Please refer to the plan's website for additional information that may be necessary for review. Note that sending this form with insufficient clinical information may result in an extended review period or adverse determination. Plans may require additional information based on the type of drug being requested that may require follow-up inquiries with the prescriber.
